Time for Louisiana to take action: PUT DOWN THE PHONE AND DRIVE

Did you know?

Distracted driving is to blame for more than 50% of crashes with injuries in Louisiana

Source: Transportation Consortium of South Central States (Tran-SET) and Louisiana State University

INCREASE IN CRASHES

Louisiana ranks among the top 10 states

Your family's safety is the first priority, but crashes could also be impacting your pocketbook by increasing your insurance costs.

Source: Fast track monitoring system 3rd qtr. 2017

Nearly 1/3 of all U.S. drivers ages 18-64 read, send texts or emails while driving.

Source: NHTSA

We all must work to keep motorists safe.

DRIVE NOW, TEXT OR EMAIL LATER
