

PARTS Act of 2015

Promoting Automotive Repair, Trade and Sales Act

#PARTSAct Give consumers more choice and lower costs for collision repairs

40% car owners postpone car repairs due to financial burden

Consumers benefit enormously from competitive market for aftermarket parts

21% of vehicle owners don't carry insurance & pay repairs out of pocket

PARTS Act
Strikes a balance of protecting intellectual property & preserving competition

PARTS Act is good for consumers, businesses and US Economy

Consumers can choose generic medicine to get rid of a headache, why not give them the right to choose which headlight or bumper guard to buy with auto repair?

Property Casualty Insurers
Association of America
Advocacy. Leadership. Results.
