PREPARE NOW

- **Review** your property insurance.
- **Inventory** your household items, use a smartphone to document them and store in your email.
- **Consider installing wind-rated shingles.**
- **Consider shutters to protect your garage door.**
- **Examine and fortify the hinges, seals and screws on all doors.**
- **Install high wind-rated shutters or sheets of plywood on any windows.**

Protect your property by covering all windows with plywood or shutters, moving vehicles into the garage when possible and placing grills and patio furniture indoors.

- **Keep** the name, address and claims-reporting telephone number of your insurer and agent in a safe and easily accessible place.
- **Keep** all receipts for any repairs so your insurance company can reimburse you.
