

America's Natural Disaster Preparedness Gap

Most people are not as prepared as they think

Any gap in preparedness could have a significant impact

WILDFIRES

16% of Americans in Western states say their home is wildfire ready

HURRICANES/TORNADOES

63% of Americans say their home is strong enough to withstand a hurricane/strong windstorm

FLOODING

11% of Americans say they have flood insurance

Make an emergency plan.
